"YOUR WISH IS OUR COMMAND"

SMART LUXURY DEFINED BY HIGHLY BESPOKE SERVICES THAT FULLY ADDRESS YOUR PERSONALITY

OUR SERVICES

> “Impeccable service,
> logistical support,
> Itinerary planner
> and customised solutions”

CAPRI & THE AMALFI COAST

- Private transfers from the airport to any hotel or villa
- Any transfer in the area (from Positano to Capri, from Sorrento to Capri etc.)
- Daily excursions – full day & half day
- Mini cruises (min stay 2 nights)
- Private events (e.g. birthday party, anniversary etc.)

Thanks to our meticulous organisation, every service is carried out in **total safety**—for both guests and their luggage. Marina di Stabia sets the standard with its exclusive private lounge, designed for smooth and **stress-free** arrivals. Imagine your taxi pulling up just steps away from your yacht, ensuring an effortless and elegant transition from land to sea.

- Private Lounge in Naples Marina di Stabia Port and in Marina d’Arechi Port in Salerno
- Ground service with welcome staff
- Assistance for guests and luggage
- Embarkation and disembarkation in private piers (avoiding possible long queues and crowds)
- For those who value privacy, comfort, and efficiency, this is why Capri on Board remains the top choice for discerning travelers.

SARDINIA COSTA SMERALDA, PORTOFINO AND CINQUE TERRE

- Daily excursions – full day & half day
- Mini cruises (min stay 2 nights)

Luxury is not only about the yacht—it’s about every moment leading to it.

“A lovely blend
of turquoise sea, white sand
and marine wildlife”

Discover Sardinia from its most glamorous perspective: the sea.

A private yacht opens the door to unforgettable daily excursions and mini cruises, where every moment is designed around you.

Sail along the Emerald Coast, drop anchor in hidden coves with turquoise waters, or glide towards the Maddalena Archipelago for a swim in natural pools of rare beauty.

YACHT MANAGEMENT & ONBOARD LIFESTYLE

Capri on Board

Yacht Management & Concierge Services

At Capri on Board, we believe that true luxury is the freedom to enjoy every moment, knowing that everything else has been taken care of.

Our Yacht Management & Concierge service is built around a deep knowledge of the Mediterranean, long-standing local relationships, and an intuitive understanding of what makes time at sea truly exceptional.

From the moment a journey is imagined, we take care of every detail behind the scenes, creating a seamless experience where privacy, spontaneity, and impeccable service come naturally. Guests are free to simply settle into the rhythm of life onboard and enjoy the Mediterranean at its very best.

Bespoke Itinerary Curation

No two journeys should ever feel the same

Every itinerary is personally designed around the guests—their interests, their pace, and the way they wish to experience the destination. Iconic coastlines and celebrated islands are combined with secluded coves, hidden anchorages, authentic coastal villages, and places known only to those who truly understand the Mediterranean.

Weather, navigation, marina availability, and local conditions are carefully considered, while always preserving the freedom to change course, stay a little longer, or follow an unexpected desire.

Because some of the most memorable journeys are the ones that leave room for discovery.

Destination Expertise & Seamless Coordination

Knowing a destination means understanding far more than simply where to go

Our team combines intimate local knowledge with a trusted network of carefully selected partners throughout the Mediterranean. From securing marina berths and coordinating tender operations to private transfers, provisioning, permits, and exclusive arrangements ashore, every element is managed with precision and discretion.

The result is a seamless transition between yacht and shore, allowing guests to experience each destination effortlessly and often from a perspective few others have access to.

Dedicated 24/7 Concierge

Exceptional service is about being present when needed and invisible when not

Our dedicated concierge team is available around the clock, anticipating needs and responding to requests with discretion and efficiency.

A last-minute table at a sought-after restaurant. A secluded beach club reached by tender. A private jet or helicopter transfer. A wellness experience onboard. A special celebration in an unexpected setting.

Whatever the request, our role is to make it happen—quietly, seamlessly, and beautifully.

Curated Services & Bespoke Arrangements

The experience continues far beyond the yacht

Through our trusted network, Capri on Board can curate a world of experiences and services throughout the journey—from private transfers and exclusive shore excursions to exceptional dining, beach clubs, premium provisioning, private events, and highly personalized requests.

A commission is recognized on additional services arranged directly through Capri on Board during the charter, reflecting the expertise, privileged local access, and dedicated coordination behind every experience. At Capri on Board, luxury is not about doing more. It is about making everything feel effortless. Your yacht. Your journey. Your Mediterranean.

A.P.A. Advisory & Tailored Budget Management

A truly effortless journey begins with clarity

A.P.A. is included in all our price lists, providing a clear and transparent overview of the expected charter costs from the very beginning.

For any yacht request within the MYBA

For any yacht request within the MYBA framework, we can support you with complete information and dedicated consultancy, guiding you through every aspect of the yacht charter contract. Charter agreements can be complex, and our expertise ensures you fully understand how to manage the process with confidence, from contractual terms and A.P.A. to the finer details of the charter.

So that once onboard, the only thing left to think about is where the journey will take you next.

COMPARATIVE TABLE

Capri on Board: the perfect partner for a seamless yachting experience

Our comparative table clearly highlights how Capri on Board stands out in the world of high-end yacht chartering.
Not only do we own a curated fleet, but as a fully licensed agency with privileged access to over 200 yachts, Capri on Board guarantees **personalized service, security, and flexibility** tailored to every client's needs.
With a strong presence in the most exclusive marinas – Capri, the Amalfi Coast, Naples, and Salerno – we ensure **direct, continuous assistance**, offering impeccable hospitality and seamless operational support throughout your journey.
Moreover, thanks to our **full insurance coverage** – for both our owned fleet and third-party yachts managed through regulated contracts – we provide **maximum protection and peace of mind** to all our guests.
Unlike traditional charter companies, often limited to a small fleet and a single operational base, Capri on Board delivers a **bespoke, refined, and reliable experience**, ideal for those who seek only the very best at sea.

With Capri on Board, every journey becomes an exclusive experience, crafted entirely around your desires.

	CAPRI ON BOARD	RENTAL COMPANY	NAUTICAL BROKER
Yacht Ownership	A fleet selected according to Capri on Board's standards, with a portfolio of over 200 yachts, capable of offering tailor-made solutions for every navigation need in the most exclusive areas of the Mediterranean. Capri on Board directly owns the yachts it offers for charter and, thanks to its structure, is also able to promote and market third-party yachts through co-management agreements, working directly with the owners. In addition to being an owner, Capri on Board operates as a licensed and authorized agency, qualified to manage brokerage between yacht owners and agencies or final clients.	Limited fleet (an average of 5 boats). A charter company is typically a small or medium-sized business and generally manages a limited fleet, often consisting of around 5 owned vessels. Due to their limited size, in the event of high demand or overbooking, they are often forced to rely on third-party boats, partnering with other companies to temporarily expand their offering. This operational model results in variable availability and a service quality that may depend on external providers.	The yacht broker is not a direct owner but operates exclusively as an intermediary between the client and charter companies or yacht owners. Thanks to an international network, the broker has access to a very wide portfolio of yachts, without the constraints of direct ownership, but bound to operate under very restrictive contractual terms.
Access to other Yacht Owners	A wide portfolio of over 200 yachts, enabled by our agency license, with coverage across the entire Mediterranean. The business is structured to support the B2B market, offering qualified and flexible contractual consultancy in full compliance with international standards. In the case of brokerage intermediation, Capri on Board ensures transparent procedures, legal protection, and full regulatory compliance, including with MYBA contracts.	Access possible only through occasional and limited contracts, often unstructured, with complex management especially when activities take place outside the area of competence.	It can offer virtually unlimited access to yachts of various categories, types, and geographic areas, very often using the MYBA platform.
Logistics & Service	4 strategic bases: Capri, Amalfi Coast, Naples, Salerno. Capri on Board guarantees impeccable service thanks to the direct presence of its qualified staff in the most strategic marinas of the Mediterranean. With over four active logistical bases – Capri, Amalfi Coast, Naples, and Salerno – it ensures continuous support, smooth operations, and a high-level welcome from the very first moment on board.	A single operational base. The vast majority of charter companies operate from a single logistical base, a choice that significantly limits their ability to provide timely support, operational flexibility, and high-level service across multiple destinations. This centralized approach can result in delays, lack of on-site assistance, and a less personalized experience for the client – especially in the most exclusive and in-demand locations.	No direct operational bases: the broker coordinates embarkation and support relying on the Captain or onboard crew or personally.
On-site support	In-house staff present in the main ports.	Remote or no support outside the base.	The broker does not have its own staff in the ports but provides support through local correspondents and trusted suppliers.
Licenses and legal authorizations	Specialized nautical agency, authorized and fully licensed for brokerage. It ensures transparent contracts, client protection, and tailored solutions with carefully selected yachts, exclusive itineraries, and continuous assistance.	Not authorized for brokerage or tourist packages.	The broker is authorized to conclude brokerage contracts but cannot directly provide ancillary services or tourist packages except through authorized operators.
Contracts	All-inclusive "no surprises" package.	Standardized, limited to its own fleet.	Standard and inflexible: charter price + VAT + APA
Commissions	Competitive Commissions – Fair and flexible arrangements. 10% / 15% / 20% depending on the operator or agency.	10% / 15% / 20% depending on the operator or agency.	3% / 5% / 10% / 15% depending on whether the yacht is in central agency or not.
Insurance coverage – client protection	Comprehensive insurance coverage on all vessels, both owned and managed under regulated contracts on behalf of third parties. The policy provides full coverage for third-party liability, material damage, and passenger protection, with limits exceeding €2 million per passenger, extending protection to both maritime and onshore activities. Unlike most charter companies, which insure only their own units and operate under contractual limitations when using third-party yachts, Capri on Board guarantees full protection across the entire fleet, including vessels managed under formal management and brokerage agreements. Thanks to its status as an authorized and fully licensed agency, every charter is governed by clear, transparent contracts compliant with current regulations, ensuring clients maximum protection, safety, and peace of mind at every stage of the rental.	Standard insurance coverage on owned yachts. Traditional charter companies are generally covered by insurance policies limited exclusively to their own units. In cases of high demand or overbooking, the use of third-party yachts may involve insurance risks. It is important to note that a charter company not authorized for brokerage cannot offer tourist packages or manage additional services, resulting in operational limitations and reduced client protection in terms of insurance.	Insurance coverage is provided by the shipowners or charter companies with which the broker collaborates: the broker itself does not provide direct policies but ensures that every yacht is properly insured. Likewise, the nautical broker is not authorized for brokerage and cannot offer tourist packages or manage additional services.
Overbooking management Handling of unforeseen events, e.g., yacht breakdown	Operational flexibility and immediate access to selected yachts. Capri on Board guarantees total flexibility in charter management, thanks to an exclusive network of verified partners selected according to strict quality and safety standards. This approach allows immediate access to a wide range of vessels, both owned and managed through official agreements with third parties, without operational limitations or bureaucratic delays. Every yacht in the network undergoes prior contractual and insurance assessments, with full maritime and onshore coverage, ensuring maximum safety and compliance with current regulations. Centralized management through Capri on Board allows coordination of last-minute bookings, overbooking, and itinerary customizations, always maintaining high service standards and legal protection. In summary, the combination of a carefully selected partner network, contractual flexibility, and advanced insurance coverage enables Capri on Board to offer fast, safe, and fully customizable charter solutions.	Limitations in handling extra requests and last-minute bookings. Traditional charter companies often face significant operational restrictions when managing extra requests or last-minute bookings, due to the inability to quickly access third-party yachts, even during periods of high demand. There is also greater exposure to legal risks and limited client protection, as any modification or extraordinary request may require additional contracts or external approvals.	The broker, not having its own fleet, relies on the availability of the Yacht Portfolio. However, it can offer immediate alternatives in case of unforeseen events, by changing the vessel or even refunding the charter, as broker contracts do not include an obligation for replacement.
Guest Experience	Capri on Board stands out for its advanced all-inclusive formula, designed to offer a complete and personalized nautical experience that goes far beyond the simple charter of a vessel. Each charter integrates tailor-made services, including: • All-Inclusive pricing with no surprises • High-level onboard welcome, with selected crew and dedicated training • Continuous support throughout the navigation, ensuring constant safety and comfort • Customization of additional services, such as bespoke itineraries, experiential activities, gourmet catering, and logistical support • Integrated booking management and operational coordination, ensuring efficiency and full regulatory compliance • This combination of flexibility, premium quality, and direct oversight allows Capri on Board to offer an exclusive and secure charter package, capable of meeting even the most sophisticated demands of an international clientele.	Operational limitations of traditional charter companies. A traditional charter company operates exclusively with its own fleet of vessels, which entails significant restrictions in terms of availability and flexibility. This rigidity limits the ability to respond to personalized requests, last-minute bookings, and itinerary adjustments–elements that the contemporary nautical market demands to ensure tailor-made experiences and maximum client satisfaction.	The client experience largely depends on the quality of selected partners: the broker can offer highly personalized packages, but the final level of service is determined by the chosen charter company or yacht owner.
