## Our Winery

The Wine Estate “Coste Ghirlanda” and its vineyards are some of the most beautiful landscapes around the globe, the dry and complex lands in which our internationally renowned wines are born. Pantelleria is the ultimate destination for wine tourism, as the island holds the only vineyards worldwide whose practice of cultivation has been recognized as part of Unesco’s World Heritage.

## 4 good reasons not to miss Sikelia and Pantelleria

### ◆ TIMELESS

Timeless is a word which contains Sikelia’s byzantine name origins and its essence, a place separated from time and space where our senses are enveloped in nature.

### ◆ HIDDEN

The Island stands hidden between Sicily and Africa as a concealed haven of peace and serenity, and a refuge from the rest of the modern world. Privacy as a life style and not a choice.

### ◆ INTENSE

The flavours of our cuisine are reminiscent of different cultures and the island’s natural scents.

### ◆ UNIQUE

We pride ourselves in the beauty of each of our Suites, all diverse yet equally elegant, as we live with joy in a land whose contrasting landscapes provide us with new emotional experiences everyday.

Sikelia as an artistic and emotional experience.
