

Be seduced by the magic of Su Gologone

Set amid the magical landscape of Sardinia, surrounded by a 10-hectare private park in the heart of the Barbagia, a dozen or so miles from Olbia – less than an hour – **Su Gologone** is the ideal location for your holiday on the island. Unique experiences and a flawless service, enriched by exquisite culinary delights embodying excellence. Time to make new discoveries and to relax, moments of pleasure, spirituality and fun: your memories will be even more intense, unique and unforgettable

Why are we so attracted to Sardinia? Well, perhaps because her sea is clearer than the Caribbean one, because the scents of this land reach you even before getting off the ferry, because you will find places where silence still takes centre stage, because the Sardinian dialect is as crunchy as her bread, because not only Sardinia is marvellous in summer, but her beauty is pure in every season... and this is still a secret for many people.

70 Rooms and Suites

Every room is a piece of Sardinian memory, a small piece of art in its own way, inspired by patient weavers, shepherds and skilled artists. The rooms entail a sequence of surprises and wonders, which are well worth to explore.

Rates may vary according to the requested period. We will supply a tailored offer for your holiday according to the number of rooms and services required.

3 Restaurants

Follow the scent... you will find a culinary path made by traditional aromas and flavours, all waiting to be discovered, starting from the "farm to table" breakfast, with Oliena honey, Sardinian jams, cheese and cured meats, local bread and cakes, taken out of the oven every day. The simple, rich scent of every lunch or dinner won't be easily forgotten, such as the ones found in *maccarones de busa* and the *culurgiones* (ravioli filled with ricotta cheese which can only be found here), the rotisserie *porcetto* (suckling pig), and the *seadas with honey*, a sweet ending of a memorable meal.
