THE HEART OF PUGLIA

THE ESTATE

A Historic Estate with a Cosmopolitan Heart.

A noble residence dating back to 1750, thoughtfully restored the lats 7 years with local artisans.

Across nine hectares of gardens, olive trees and a replanted vineyard.

Tenuta Legaro combines historic character with contemporary Italian design.

With just eight rooms and suites, hospitality feels personal, warm and discreet.

Offering both room-based stays as well as exclusive use of the total estate.

THE VINEYARD & GARDENS

Rooted in Puglia.

Nine hectares of gardens, olive groves and a beautifull vineyard.

POOL & OUTDOOR LIVING

The pleasure of unhurried days.

Our Infinity Pool is our social heart, where splendid views over the vineyard invite to unhurried living, shared moments, and a deep sense of presence.

POOL & OUTDOOR LIVING

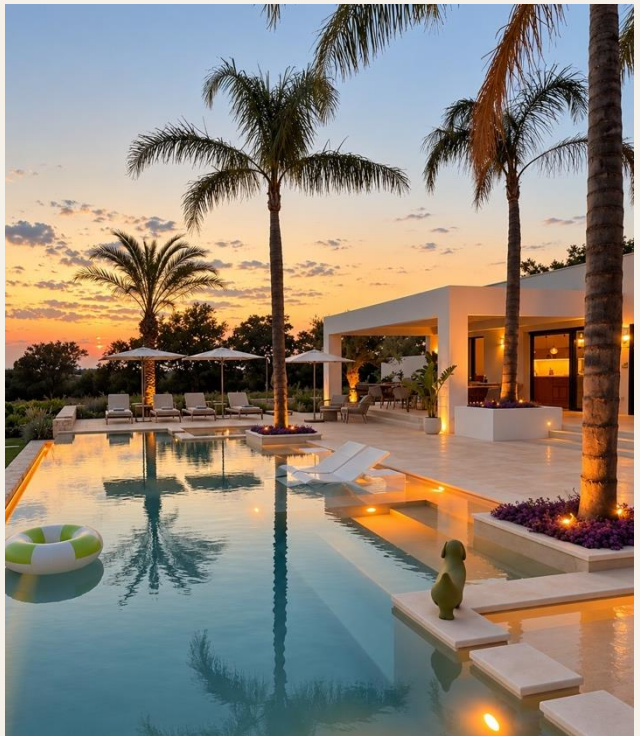

The Pool as the social heart of Legaro.

Outdoor freedom.

From a quiet morning coffee to a long afternoon by the water.

The estate offers many ways to enjoy Puglia at your own pace.

LIVING / THE VILLA

A private world.

Historic architecture, thoughtful interiors and places to linger.

The first floor was once the private floor of Barone and Baronessa Lentini. It still carries a sense of its noble past taking you back in time.

The spacious living room, the eclectic bar, and large terrace, invite you to simply feel at home.

Settle in with a book, enjoy an aperitivo, or let time pass while enjoying the company of those you love.

DINING / HOSPITALITY

Gather around the table.

From leisurely breakfasts to intimate dinners, every moment is personal.

ROOMS & SUITES

Eight rooms. Eight personalities.

Our rooms and suites are all different, each with its own atmosphere, proportions and view.

The interiors are calm and refined, combining natural materials, soft fabrics and carefully chosen furniture with subtle references to Puglia.

Beautiful bathrooms, generous beds and thoughtful details make the rooms wonderfully comfortable without ever feeling overly formal.

WELLBEING / THE SPA

Space to unwind.

A tranquil retreat with sauna and hammam, surrounded by the estate.

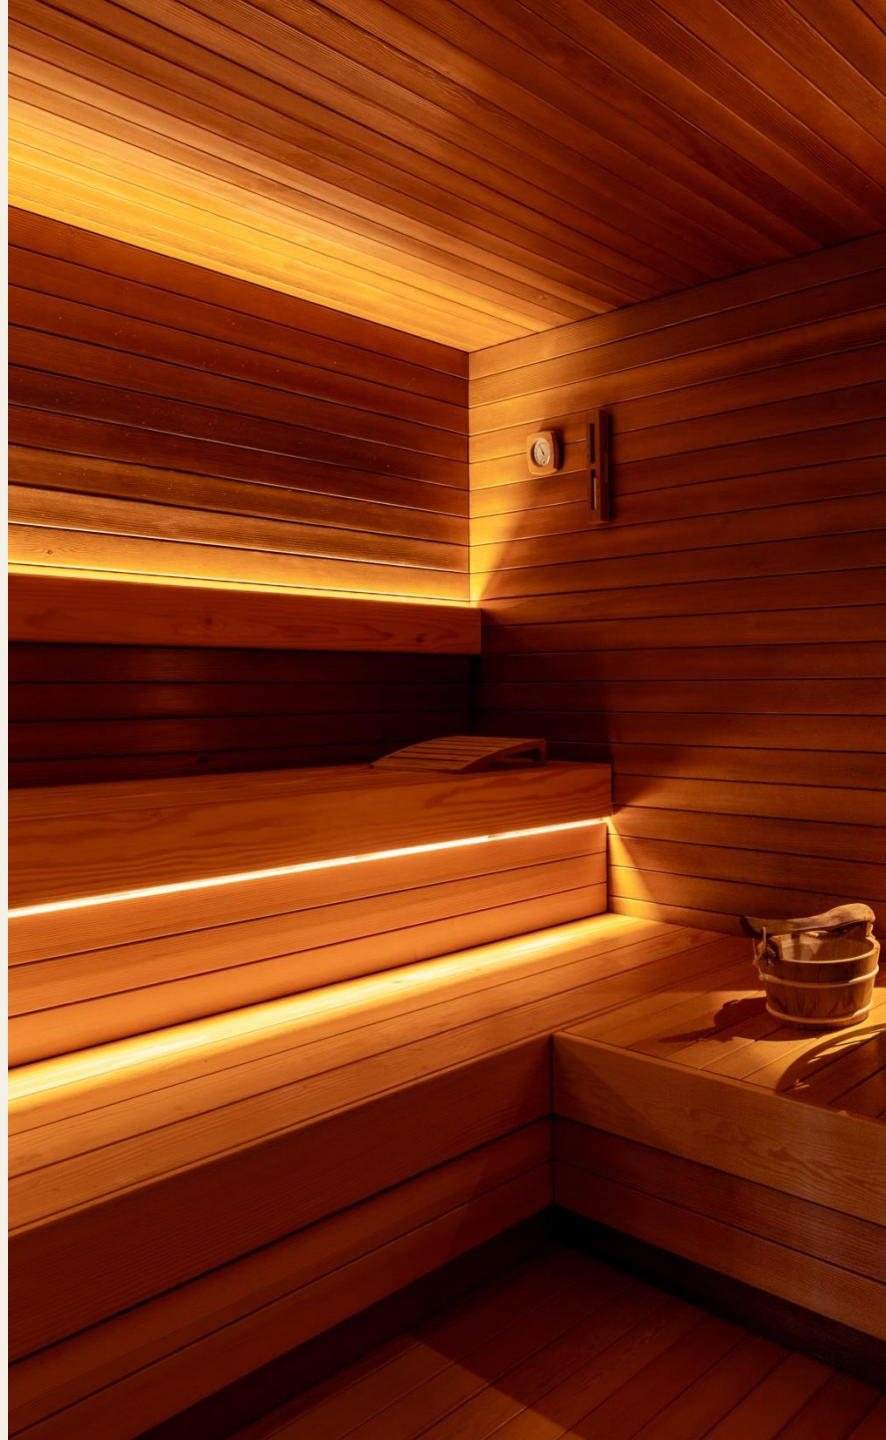

Morning Yoga with the Vineyard as view.

Massage service in the garden or in the privacy of the room.

CELEBRATIONS

Celebrate special moments at Legaro.

Legaro takes its name from the Italian word legare, which means to create a bond. And this is what life offers us when we celebrate together.

Tenuta Legaro is a place for bringing people together. A wedding, a milestone birthday, an anniversary, a few special days with family and friends, or even a corporate event.

With nine hectares of vineyards, gardens and different places to gather, every moment can find its own setting.
