EXPERIENCES YOU WILL TREASURE AT LENGTH

# *Suggestions for an unforgettable journey*

We represent unique, extraordinary independent and privately-owned boutique hotels, villas and yachts in Italy. To promote the hotels we represent we take pride in creating travel suggestions and itineraries, where our local knowledge meets the needs and interests of travel advisors and clients. Make this your very own tale of discovery along this unique peninsula, whether your primary concern is art, architecture, archaeology or even fine dining and shopping.

Our goal is to introduce travel advisors to new products and act as a primary resource for information and assistance ensuring they receive all the support they need in real time. Having a “**sample itinerary**” connecting the properties gives something more solid and potentially concrete to promote, rather than a mere collection of hotels.

Extraordinary hotels, whose credo is painstaking attention to details, excellence throughout, and whose experience is one you will treasure at length. Light varying a thousand times in a day, sensational dawns and sunsets, ever-changing hues, the lull of the waves by the shore, a star-studded sky, savouring an outstanding meal: you will simply ask for more.

## day 1 / day 2 / day 3

Visit the exquisite Borromean Islands: like a fleet of fine vessels, they lie at anchor at the Golfo Borromeo, between Stresa and Verbania. Of the three visitable islands, **Isola Bella** is undoubtedly the most striking: the Borromean Palace is impressively baroque, displaying numerous artworks and amazing, majestic gardens. **Isola Madre** is home to another palazzo and a luxuriant, less formal garden, a triumph of colours in the blooming season. Further north on the west bank, late 19th c. **Villa Taranto** and its splendid grounds are among Lake Maggiore's most imposing highlights: the Normandy-style villa was bought by a Scottish captain, Neil McEacharn, after spotting an advert in The Times in 1931. Some 20,000 plants were added over thirty years and the site is considered one of Europe's finest botanic gardens. **Parco Pallavicino** gives you the chance to spend an unforgettable day among paths in bloom, centuries-old trees, a stunning botanic garden and numerous species of mammals and exotic birds.

>>

>> Deep blue waters, reticent beauty and an intriguing island: Lago d'Orta, known as "Cinderella" by the locals, epitomises charm and captivating tranquillity. About 23 km (30minutes) from Stresa (Lake Maggiore), this little gem sits in one of the most fascinating corners of northwest Italy. Quintessentially fairy tale Piedmont.

The way mountains, weather and light are forever in counterpoint to the water itself is striking; whether it's the enchanting autumn light or the crisp early spring mornings, this lake has an ace up its sleeve any time of the year.

Overlooking the forest-lined banks of the shimmering lake, **Orta San Giulio** is a romantic little village where narrow cobbled streets run between pastel-washed houses and palaces with elaborate iron-wrought balconies.

Built on the slopes of a steep hill, tourists fill its alleyways at weekends in the spring and summer months, while it gets quieter in the evenings. 294m above sea level, the village boasts a wonderful position. The view from its central Piazza Motta directly onto the lake and the

**Isola di San Giulio** is simply breathtaking. The island of silence is, well and truly, more than a lovely definition: a small path runs along the island and it is called, in fact, the **Way of Silence**.

The island hosts a convent, as well, where eighty nuns live.
