TRAVEL CAN INSPIRE AND DELIGHT, PROVIDE ADVENTURE OR RESPITE.

IT CAN ALSO MAKE A DIFFERENCE. DISCOVER OUR WAY TO SUSTAINABLE TRAVEL

## Members of

### BUSINESS A SOURCE FOR GOOD

The Long Run's goal is to PROTECT ECOSYSTEMS by leveraging the power of tourism. The Long Run looks at SUSTAINABILITY through 4 areas of focus, **Conservation, Community, Culture and Commerce** understanding the interactions between these 4 aspects in order for a balance to be achieved for a sustainable future of business people and nature.

## Supporting “La Liga”

La Liga (The League) is a volunteer organization that provides clothing and household goods to the members of the community surrounding our founder Agustina Lagos Mármol's family's estancia in Patagonia, Argentina.

### SUPPORTING LOCAL COMMUNITIES

Partner of  **NATURE IS GOOD FOR YOU. TAKE CARE OF IT.**

### PROTECTING LOCAL FORESTS

By adopting adult trees in Alta Badia, Dolomite Mountains s.r.l. contributes to the realization of interventions in the forests such as cleaning up forests in need of maintenance, arranging paths, installing information panels, preventing fires, landslides, and damage caused by storms such as those in Vaia, creating thematic trails in the food forest and forest bathing, as well as scientific-educational trails on the subject of nature and the climate crisis.

### BEING CARBON NEUTRAL

To reduce our environmental footprint as tour operator. Compensating our CO2 emissions by protecting a mature tree means, indeed, having a positive impact on the present. It also means supporting people who work every day to manage forests in the best possible way.
